> The hills across the valley of Ebro were long and white. On this side, there was no shade and no trees and the station was between two lines of rails in the sun. It was very hot and the express from Barcelona would come in forty minutes.

> They sat down at the table in the shade, and the girl looked after the man and said, "Should we have another drink?"

> "All right. But I was trying to think about something else."

> "It's pretty hot," the girl said.

> "Let's drink another glass of whiskey."

> The girl looked at the watch and said, "It's four o'clock."

> "And what time do you wish to have the baby?"

> "I don't care about myself," the girl said.

> "No, I don't want anybody but you. And I don't want anyone else. And I know it's perfectly simple."

> "All right. But you've got to realize?"

> "I love you now. You know I love you."

> "I love you now. You know I love you."

> "I love you. But I don't want you to do it if you don't really want to."

In Holmes's view, "being" refers to the fundamental state of existence—our true nature or divine essence that exists beyond the fluctuations of life circumstances. It is the unchanging, eternal aspect of ourselves that remains constant regardless of external changes. Holmes often described this as the divine spark within each individual, an aspect of the universal consciousness.

Holmes believed that understanding and embracing our "being" involves recognizing our inherent divinity and aligning our thoughts and feelings with this truth. This recognition leads to a sense of stability, inner peace, and a foundation from which genuine growth can occur.

Features of 'Being' in Holmes's Thought

- Eternal and Unchanging: Our core essence remains constant despite external fluctuations.
- Divine Nature: Each individual is inherently divine, a reflection of universal consciousness.
- Inner Peace: Recognizing our being fosters a sense of calm and stability.
- Self-Awareness: Awareness of one's true nature is the first step toward authentic living.

Pros and Cons of Emphasizing 'Being'

- Pros:
 - Provides a stable foundation amid life's uncertainties.
 - Cultivates self-acceptance and confidence.
 - Encourages spiritual connectedness and purpose.
- Cons:
 - Risk of becoming complacent or stagnating if overemphasized.
 - May lead to neglect of practical action in the pursuit of spiritual awareness.

The 'Becoming' Aspect: Growth and Transformation

The Concept of 'Becoming'

While "being" pertains to our eternal essence, "becoming" refers to the ongoing process of growth, development, and self-actualization. Holmes emphasized that human life is characterized by continuous evolution?our experiences, choices, and efforts shape who we are in the physical and material realms.

"Becoming" involves consciously working towards higher states of consciousness, improving our skills, cultivating virtues, and realizing our potential. Holmes saw this as a natural and necessary process?an outward expression of our inner divine nature through the unfolding of our life experiences.

Features of 'Becoming' in Holmes's Philosophy

- Dynamic Process: Life is an ongoing journey of growth.
- Self-Development: Personal efforts influence our evolution.
- Alignment with Being: True becoming occurs when growth is rooted in awareness of our divine nature.
- Responsibility: Individuals are responsible for their development through thought, action, and intention.

Pros and Cons of Emphasizing 'Becoming'

- Pros:
 - Motivates continual self-improvement.
 - Encourages adaptability and resilience.
 - Fosters a sense of purpose and direction.
- Cons:
 - Can lead to restlessness or dissatisfaction if overemphasized.
 - Potential for neglecting the present moment by focusing solely on future growth.

Interplay Between Being and Becoming

Holmes's teachings highlight that being and becoming are not mutually exclusive but are interconnected aspects of human existence. Recognizing our "being" provides the stability and grounding necessary for authentic "becoming." Conversely, our ongoing "becoming" reflects the natural unfolding of our divine nature into the physical realm.

This dynamic balance suggests that spiritual growth is most authentic when rooted in a clear awareness of our eternal self. Without this foundation, efforts at self-improvement can become superficial or disconnected from our true nature. Conversely, an overemphasis on "being" without active engagement in growth may lead to stagnation.
