Credit Accumulation and Course Requirements

High School Readiness and Eighth Grade Courses

Preparation for High School Graduation

Michigan's high school graduation requirements include earning a total of 22 credits across various subjects. The 8th grade curriculum is designed to lay the groundwork for accumulating these credits efficiently in high school.

Transition to High School

Most students enter high school with a clear understanding of the coursework needed to meet graduation criteria, thanks to the structured progression through 8th-grade standards.

Despite structured standards, disparities in educational access persist. Michigan continues to work

on policies that ensure all students meet 8th-grade requirements regardless of socioeconomic background.

Curriculum Updates and Future Directions

Michigan periodically updates its standards and assessments to reflect new educational research and workforce needs. The focus remains on fostering skills like digital literacy, critical thinking, and adaptability.
